

- Anterior gut endoderm
- Branchial arch neural crest
- Cardiac mesenchyme
- Cardiomyocytes
- Cardiopharyngeal progenitors (HIF)
- Cardiopharyngeal progenitors (HIF)
- Caudal neural tube
- Endothelium
- Eyefield
- Eyefield progenitors 1
- Eyefield progenitors 2
- Eyefield progenitors 3
- Forebrain progenitors
- Metanephrosic stem and progenitor cells
- Midbrain progenitors
- Midbrain
- Midbrain neural crest
- Neural progenitors like cells
- Neural tube
- Neuroblast
- Optic neural progenitors
- Optic neural progenitors
- Pharyngeal arch mesoderm
- Pharyngeal mesoderm like cells
- Posterior gut endoderm
- Pre-neuronal mesoderm
- Sclerotome
- Somites
- Spinal cord
- Surface ectoderm
- Visceral endoderm
